"Our outfit caters to a wide range of experiences.  
We carry recreational, touring and expedition kayaks"

# Sample our Calalou

## Marigot Bay/Roseau River Loop

Our most popular and diverse experience starts off in tranquil Marigot Bay. This yachtsman haven is a fringing mangrove forest bordered by shallow coral reefs on an extensive sand bar. The perfect setting for the beginner kayaker. On leaving this peaceful scenery you travel along the west coast of the island to Roseau Beach, home to a canopied flat river waterway, fishing community and the largest banana plantation on island. This 2 1/2 to 3 hr. tour invites you to experience island living, nature and a sense of nostalgia.

## Marigot Bay/Anse Cochon Marine Park

This 3 to 4 1/2 hr. mini expedition is designed for the novice looking for a moderate kayak challenge. This tour follows the path of the Marigot/Roseau river tour and continues along the west coast of the island traversing the quaint fishing village of Anse La Raye en-route to the Anse Cochon Marine Park. This park is one of the more popular snorkeling sites and is our turn around point. After a relaxing beach picnic and a moment for swimming or snorkeling, the kayak enthusiast returns to Marigot bay by either boat ferrying or kayaking - a tour with a sense of accomplishment.

## Snorkel/Kayak Combo

Combine our Marigot Bay/Roseau River Kayaking Tour with a Snorkel Boat trip to or from the Marine Park. This value for money tour includes transfers, lunch, snorkel/kayak gear & boat trip.
